Service providers, construction companies, equipment rental companies, commercial and private customers have been utilising the advantages of AIRDRY dehumidifiers for many years. Whether as a single appliance or for 'fleet use': AIRDRY appliances last longer than others and impress with their extreme value in daily use. Accidental damage is almost unheard of, so that the appliances remain operational even after long periods of use.

Their robustness and favourable power consumption, combined with simple handling and complete standard

equipment, make them superior. Special requests can be catered for as extras.

Trust the original, don't make any compromises if your priority is to be able to dry reliably and permanently.
